About CAPFAA

CAPFAA consists of financial aid administrators from postsecondary institutions and members of educational institutions, government agencies, and private and community organizations concerned with the support and administration of student financial aid. CAPFAA was established in 1969 to serve the interests and needs of students and their families through the financial aid process. Specifically, CAPFAA assists in promoting and developing effective programs of student financial aid. The association additionally facilitates communication and cooperation among educational institutions and sponsors of student aid funds by sponsoring conferences and training sessions on relevant issues in student financial aid.
