

ABOUT CAPFAA

With **44 member institutions** and **22 associate member organizations**, the Connecticut Association of Professional Financial Aid Administrators (**CAPFAA**) has been a staple within Connecticut's higher education community **since 1969**. In addition to supporting the professional preparation and effectiveness of our members, CAPFAA is fully committed to serving the interests and needs of our students by assisting in navigating the challenges related to applying for and obtaining financial aid for college. Annually, we support **more than 200,000 students** at the undergraduate and graduate levels.

As a **501(c)(3) organization**, CAPFAA provides college scholarships to eligible students from our member institutions in Connecticut. As we continue our efforts to make college more affordable, **100%** of the proceeds from this event will be contributed to our scholarship fund.
